About us

Blue Mara Overseas is an emerging export company with a strong foundation built on trust, commitment, and long-term partnerships.

We are dedicated to delivering excellence in both products and services.

A photograph of a small, light-colored ceramic bowl filled with a fine, yellowish-brown powder, known as Multani Mitti or Fuller's Earth. The bowl is placed on a light-colored, textured surface. Surrounding the bowl are several smooth, white, rounded stones of various sizes and a few dried, orange-colored flowers. The text "Multani Mitti" is written in a large, bold, brown serif font in the upper right quadrant, and "Fuller's Earth" is written in a similar font below it.

Multani Mitti

Fuller's Earth

White A+ Premium Grade Mitti

Color: Pure White

Grade: A+ (Premium Export Quality)

Purity: 99%+

Texture: Ultra-fine powder

Best For:

- Luxury skincare & cosmetic formulations
- Face masks & packs for sensitive skin
- Ayurvedic and herbal products
- Organic skincare brands

Example Uses:

- Deep cleansing facial masks
- Organic soaps & body scrubs
- Oil-control and acne treatment products

White A Superfine Grade Mitti

Color: White (Slight Natural Tint)

Grade: A (High Quality)

Purity: 95-98%

Texture: Fine powder

Best For:

- Mass-market skincare products
- Haircare masks & packs
- Herbal beauty products

Example Uses:

- Face masks for normal to oily skin
- DIY hair cleansing powders
- Bath powders and cosmetic blends

Yellow B Premium Grade Mitti

Color: Natural Yellow

Grade: B (Standard Grade)

Purity: 85-90%

Texture: Medium-fine powder

Best For:

- General cosmetic & personal care products
- Herbal and ayurvedic use
- Hair masks & body wraps

Example Uses:

- Budget-friendly beauty treatments
- Herbal shampoos & pastes
- Detox body wraps

A top-down photograph of two white ceramic bowls filled with a fine, yellowish-brown powder. A white ceramic spoon, also filled with the powder, lies next to the bowls. The entire setup is on a light-colored, textured surface, possibly a stone or marble countertop. Several smooth, white, rounded stones are scattered around the bowls. In the upper left corner, a few green leaves are visible. A thin, dark brown curved line separates the image from the text on the right.

Yellow C Superfine Grade Mitti

Color: Yellow (With Natural Inclusions)

Grade: C (Industrial/Basic Use)

Purity: 75-85%

Texture: Coarse powder

Best For:

- Industrial use (oil & grease absorption)
- Pet care products
- Mud spa therapies

Example Uses:

- Oil spill absorbents
- Natural floor or surface cleaning agents
- Animal grooming powders

Benefits

Deep Cleansing & Detoxification

Multani Mitti removes dirt, oil, and impurities from the skin and scalp, unclogs pores, and detoxifies naturally.

Oil Control & Acne Prevention

Its natural oil-absorbing properties help control excess sebum, making it ideal for oily and acne-prone skin.

Natural Skin Brightening

Regular use improves skin tone, reduces pigmentation, and gives a natural glow by removing dead skin cells.

Cooling & Soothing Effect

Multani Mitti provides a calming effect on the skin, making it perfect for soothing sunburn, inflammation, and skin irritation.
